

# BENJI MAXWELL

BIOGRAPHY

Benji Maxwell is a Melbourne-based vocalist, pianist, and entertainer with a voice that stops people in their tracks and a musical memory that has earned him the nickname “**The Human Jukebox.**”

Known for his high-energy performances and ability to play (almost) any request on the spot, Benji brings piano bar magic to every stage he steps on, whether it’s a cruise ship, a corporate event, or a late-night singalong in a packed pub.

Hailing from Melbourne, Benji has been honing his craft since the age of 7 and now takes his talents on tour across Australia, New Zealand, the US, and Europe.

Over the past decade, he’s become a staple on the international cruise circuit, performing for thousands of guests as a headline act and beloved regular in the piano bar scene.

But it’s not just about the vocals or the keys, it’s the connection.

Benji's gift lies in reading a room and building an experience in real-time: equal parts pianist, MC, and party starter.

From heartfelt ballads to 80s bangers, Benji's shows feel like the best night out with your most musical mate.

Back on land, Benji curates live shows, growing his presence in the Australian wedding and corporate scene, and bringing his signature "piano bar energy" to more venues across the country.

With a passion for storytelling through song and a setlist that spans decades and genres, Benji Maxwell is one of Australia's most versatile and engaging live performers.
